INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1943 edition of the Waltham City Directory.

Confidence in the growth of Waltham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Waltham to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Waltham Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Waltham in 1940, when the U. S. Census was taken was 40,020.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 7 to 28, on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 33 to 414, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Waltham, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE beginning opposite page 416 and separately paged from 1 to 44, on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Waltham. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Waltham, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 417 to 464, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 465 to 472. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Waltham.

The Waltham Directory Library

Through the courtesy of the publishers of the Waltham City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.
Publishers.

City Directory Statistical Review

Suggested and Planned by American Community Advertising Association
Adopted by Association of North American Directory Publishers

With Co-operation of Chamber of Commerce, Earl J. Arnold, sec.

WALTHAM, MASSACHUSETTS

Form of Government: Mayor and Council; Council consists of four councillors-at-large, and seven councillors, one from each ward, elected biennially.

Population: U. S. Census, 1940, 40,020.

Area: 13.56 square miles.

Altitude: 67 feet.

Assessed Valuation: $51,238,650 with $36.00 tax per thousand.

Native Born Population: 79.69 per cent of whole population.

Predominating Nationalities in City: American, Canadian, Italian.

Parks: Fifteen with 394 acres valued at $1,085,000.

City's Bonded Debt: $1,968,000.

Financial: One National bank with total deposits of $11,637,500.55 and resources of $12,680,968.06, as of March 31, 1943. One Savings bank with total deposits of $10,858,000. One Federal Savings and Loan Association, assets in excess of $9,700,000.

Post Office Receipts for Year Ending Dec. 31, 1942: $222,104.50.

Telephones in Service: 9,500.

Churches: Twenty.

Building and Construction: Value of building permits 1942, $1,245,730. Number of building permits in 1942, 440.

Real Estate Transfers: 1,044. Number of homes, 6,913.

Industry: Number of mills, factories, etc, 135.

Trade: Territory (Retail) serves 300,000 people, 29 communities, within the trading area covering a radius of fifteen miles.

City Served by: Two railroad lines. Ten bus lines.

Amusements: Largest theatre or auditorium seats 2,100 people. There are three theatres, with a total seating capacity of 3,700 people.

Hospitals: Three with 207 beds; also Metropolitan State Hospital with 1,996 beds; Middlesex County Sanatorium with 380 beds; Walter E Fernald School for Feeble Minded, 1,972 beds.

Schools: Number of public school buildings 18 including three high schools and trade school; enrollment 5,635 pupils with 235 teachers. Two parochial high schools and two elementary school buildings; enrollment 2,228.

Libraries: There are 122,500 volumes in the libraries of the city.

City Statistics: Total street mileage 126.319 with 88.310 miles paved. Miles of sewers, 70.224. Capacity of water works (municipal) 14,660,000 gallons, daily average pump 2,884,024 gallons, with 100.318 miles of mains and value of plant estimated at $3,000,000. Fire department employs seventy-one men with following motor equipment: ten autos, four engines, three hose and chemical wagons, two hook and ladder trucks, in five station houses. Value of fire department with property is $150,000. Police department has sixty-six men with one station and seven pieces of motor equipment.

WALTHAM, MASSACHUSETTS

Incorporated a town in 1738.
Voted to apply for City Charter November 30, 1883.
Incorporation act approved June 2, 1884.
Accepted by town July 16, 1884.
Election of first Mayor and Aldermen December 2, 1884.
Inauguration of first Mayor June 5, 1884.

* * * * *

LOCATION

Situated on the beautiful Charles River, nine miles west of Boston, the rich and fertile plain on which stands the present city of Waltham was called "Eden Vale" by the earliest settlers. Altitude 67 feet, total area 13.56 square miles.

INCORPORATED

In 1738 this area, which then comprised the Western Precinct of the town of Watertown was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788 that it became anything more than an agricultural community.

TRANSPORTATION STARTS

In 1826 Waltham achieved the distinction of a daily stage to Boston, and with the improved transportation thus afforded, became a popular residential town. One of the early Governors of Massachusetts, Christopher Gore (1805) built a magnificent house with bricks brought from England, and surrounded it with imported shrubs and trees. This house and the extensive grounds were used for several years as the property of the Waltham Country Club. The property, especially the house and immediate grounds is being restored to their former grandeur and historic attractiveness by the present owners, the Society for the Preservation of New England Antiquities.

1843 — THE RAILROAD

The Fitchburg Division of the Boston & Maine Railroad Company was opened for operation as far as Waltham, November 10, 1843 and to travel, December 20, 1843.

BECOMES A CITY

Waltham had outgrown town government, and was incorporated a city on June 2, 1884. The last three decades have seen a rapid increase in the number of homes within its borders, not at all surprising in view of the advantages which Waltham offers both to those who commute to Boston and to those who work near their homes. There are excellent automobile roads, three convenient stations on the steam railroads, and bus lines which connect with the Boston Elevated System at several dozen points.

POPULATION

Waltham's population in 1765 was 663; in 1865—6,896; in 1930—39,247; and in 1940, 40,020, with a potential population of approximately 300,000 residing in the twenty-nine communities that comprise the Waltham Shopping District. It is essentially an industrial city with a very definite shopping center serving many communities which latter form a complete circle about Waltham. Waltham is making a substantial growth as a residential city. With an area of 13.56 square miles, the city has ample room for expansion without overcrowding.

TRANSPORTATION FACILITIES

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Divisions of the Boston & Maine Railroad, the latter offering excellent rail shipments to the Central, West, Far West and Northern and Canadian points. Motor truck lines add to the ease of quick shipping facilities. Together with the Watertown Branch, these three roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville providing quick rail transportation to points South and West. Inter-city bus service is provided by the Middlesex & Boston St. R. R. Co.

1788 — THE FIRST MILL

Paper manufacturing was the chief business of the town in the early days. Here, in 1788, John Boies, taking advantage of the waterpower privileges on the Charles, built a paper mill. This was soon followed by similar mills at the western and eastern boundaries of the town. In 1812 the Waltham Cotton and Wool Factory Company started operations at the present site of the large mills of the Waltham Bleachery and Dye Works, Inc. on River Street. In 1813 came the Boston Manufacturing Company, famed the world over as the first complete cotton mill to include both spinning and weaving by power under one roof.

1854 — WATCHES

Waltham is often familiarly called the "Watch City" because for years the making of fine watches was its principal industry. The Waltham Watch Company, one of the largest manufacturers of watches in the world, made fine watches by machinery as early as 1854.

DIVERSITY OF INDUSTRIES

There are 135 industries engaged in the manufacture of watches, clocks, knit goods, precision machinery, furniture, canoes, enamelware, jewel bearings, plumbing supplies, paper, iron and brass castings, traffic signs, window frames, optical goods, paper tubes, dairy and poultry food, pest exterminators, mica products, electrical switches, batteries, salesbooks, loose leaf account systems, grinding wheels, rivets, builders' finish, lacquer-chemicals, gauges, patent leather, rayon metering pumps, and women's shoes, also hundreds of other products. (Several warehousing projects are included in the 135 firms).

AGRICULTURE

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products, it has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau. In the beautiful section of the city known as Cedar Hill is located the Waltham Field Station, a branch of the Massachusetts State College. Experiments are in progress in vegetable gardening, fruit growing, and ornamental horticulture. Civic pride is strong among the residents of Waltham and at the Field Station our citizens receive help and free information regarding the maintenance of their lawns and shrubbery and the general upkeep of the home grounds.

METERS — POST OFFICE RECEIPTS

Statistics of interest show 11,896 electric meters; 9,500 telephone stations; 7,612 water meters; 9,647 gas meters; postal receipts of $222,-104.50.

2,376 STORE EMPLOYEES—564 STORES

Waltham stores are well stocked and well managed and carry a complete range of merchandise at prices as favorable as any in the large centers. Approximately 2,376 persons are employed in Waltham's approximate 564 retail outlets.

BANKING FACILITIES

The Waltham National Bank, a fine and progressive commercial bank, founded in 1836, has resources of $12,680,968.06 and deposits of over $11,637,500.55. Waltham has a Savings Bank eighty-five years old with deposits of $10,858,000 and has 15,030 depositors. The Waltham Federal Savings & Loan Association was organized in 1880, Federalized March 1, 1937, and the present assets are in excess of $9,700,000.

20 CHURCHES

There are twenty church congregations, also numerous philanthropic societies, including the Waltham Community Fund, Inc. embracing ten relief, social service, philanthropic and character-building agencies.

FRATERNAL SOCIETIES

Nearly every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization. Three theaters present entertainment of a high grade. The Embassy Theatre has a seating capacity of 2,100.

4555 HOSPITAL BEDS

There are three hospitals, the Waltham Hospital, 185 beds; the Waltham Baby Hospital and Teresian Lying-In Hospital. In addition, there is the Middlesex County Sanatorium 380 beds; the Metropolitan State Hospital for the care of the insane present capacity being 1,996 beds; and the Walter E. Fernald State School for the Feeble Minded, the oldest of its kind in this country, present capacity 1,972 beds.

PUBLIC SERVICES

The superior water supply of the city is derived from driven wells fed by underground courses, but in case of need, the city can tap the Metropolitan system at a comparatively small expense. Practically all of the residential and business districts are connected with the sewer of which there are now 70.224 miles. Disposition of the sewage is made through the South Metropolitan system. The tax rate in Waltham is a favorable one. This has not been brought about by excessive valuations.

VALUATION $51,238,650.

The valuation of the city for 1942 was $51,238,650. In 1942 there were 9,488 cars registered. There are 6,913 residences.

TWO UNIQUE INSTITUTIONS

The Hamblin L. Hovey Memorial Institute is a brick structure of attractive design, located at 545 Main Street. A main auditorium seats 1,100. A small lecture hall, served by a kitchen, accommodates approximately 100. Well endowed, its purpose is to "provide recreation, amusement, instruction and baths" without charge to the men of Waltham. Lectures and educational extension courses predominate.

The Jonas Willis Parmenter Rest Home, directly opposite the Institute, provides room and board and medical attendance if needed for stated periods of convalescence to women residents of Waltham.

The above mentioned buildings are models of their type, very well furnished and ably managed. Both are unique institutions doing a splendid work.

WALTHAM PUBLIC LIBRARY

Gift of Francis Buttrick is a structure of beauty. Close by is the Waltham Post Office another public building of attractive design.

EDUCATIONAL ADVANTAGES

Waltham is the center of an area of educational institutions many of which are world-known. Within an area of less than 20 miles are the following prominent educational institutions:

Academy of the Assumption, Academy of Notre Dame, Andover Newton Theological School, Babson Institute, Boston College, Boston University, Cambridge School, Inc., Dana Hall, Emmanuel College, Harvard University, Lasell Junior College, Leslie School, Massachusetts Institute of Technology, Massachusetts School of Art, Milton Academy, New England Conservatory of Music, Northeastern University, Perkins Institute & Mass. School for the Blind, Portia Law School, Radcliffe College, Regis College, Sargent School, Simmons College, Suffolk Law School, Tufts College, Wellesley College, Weston College, Wheelock School.

PUBLIC SCHOOLS

Waltham's 5,635 pupils are housed in 18 brick buildings of approved construction. The three high schools have excellent gymnasiums. The two junior high schools and five elementary buildings have adequate assembly halls which are extensively used by the public. Kindergarten, opportunity classes, six trades, vocal and instrumental music, art, college preparation, business and clerical training are among the educational opportunities.

PAROCHIAL SCHOOLS

In addition to its public schools, Waltham has three parochial schools, two of which provide High School courses. St. Mary's Grammar School and St. Mary's High School have an enrollment of 1,144, St. Charles Grammar and High School an enrollment of 685 and St. Peter's an enrollment of 399.

CHAPEL HILL SCHOOL FOR GIRLS

The Chapel Hill School, formerly The Waltham School for Girls, located on Lexington Street, one mile north of City Hall was founded in 1860 by Benjamin Worcester and was co-educational. In 1912 it became the Waltham School for Girls. The property is owned and controlled by the New Church Institute of Education. The estate embraces approximately ten acres of rolling land with sloping hillsides bordered by a clear running stream and made picturesque by beautiful old shade trees. Chapel Hill School embraces studies in grades below the eighth as well as full High School courses. It is a day and boarding school which acts as a home school for young people from the lowest grades through preparation for college. Mrs Robert Rounds, is principal.

NOTRE DAME TRAINING SCHOOL

One of the very attractive educational institutions of Waltham is the estate of eleven acres forming the grounds of the Notre Dame Training School, also the Provincial House of the Eastern Province. The buildings of stucco are of plain but stately architecture, well set off by most attractive grounds. This institution is operated under the direction of the Sisters of Notre Dame de Namur which organization started its work in the United States in 1840 and in this Commonwealth in 1849 and in Waltham in 1889.

WALTHAM TRAINING SCHOOL FOR NURSES

Waltham's most unique educational institution is the Waltham Training School for Nurses which for many years enjoyed the title of being the only school in the country to give this particular type of training. It was established in 1885. A distinguished graduate, Miss Charlotte McLeod is credited with the assistance of Dr. Alfred Worcester with organizing the Victorian Order of Visiting Nurses in Canada.

WALTHAM HOSPITAL SCHOOL OF NURSING

Established in 1933 at Waltham Hospital, the School of Nursing averages 90 trainees and each year accepts about 30 students for the three-year course. Young women are provided a well rounded basis in the nursing profession, having the advantage of varied clinical material and of lectures by staff specialists, in medicine and surgery. Graduates may join the Red Cross Service, Army, Navy, Indian Reserve Service and Veterans' Bureau and become members of state, national and international nursing organizations.

MIDDLESEX UNIVERSITY

Middlesex University, chartered in 1850, moved to Waltham in 1928 and erected a group of Norman Gothic buildings on its 100-acre campus that are a triumph of architectural originality. There is a program of continuous building and expansion. It has a student body of 600 and a faculty of seventy-five teachers and physicians, many of whom have come to make their homes in Waltham. The University comprises three departments: College of Arts and Sciences; School of Medicine; School of Veterinary Medicine. Recent additions to plant include ten dormitory bungalows for student residence; and the Veterinary building that houses an animal hospital and clinic.

THE WALTHAM CHAMBER OF COMMERCE

Is Waltham's largest and outstanding civic and commercial organization. Its membership embraces over 500 of the business and civic leaders of the Community. Incorporated in 1917, it has been a dominant factor in the remarkable growth of this city, thus giving a prestige to those enrolled in its membership.

RECREATION

With parks, playgrounds and other facilities for outdoor recreation, Waltham is bountifully supplied. In the very heart of the city there is an unusually fine Common of 7.2 acres on which is located a stately as well as attractive Ctiy Hall. Prospect Hill Park is a natural beauty spot of 218.91 acres, such as can seldom be found within walking distance of a busy city. It is the highest elevation within the city limits and a vista of over 40 miles is obtained from its vantage points. It is provided with good roads, enticing pathways and camping sites. The Cornelia Warren Park, lying between Waltham and Waverley contains 67.28 acres. The State Girl Scout headquarters are housed in the spacious mansion on Cedar Hill, left for the purpose by Miss Cornelia Warren. The grounds embrace acres with many interesting features and with an area for camp sites, on which Scout Troops from various cities of the Commonwealth locate their camp houses. There is also the High School Athletic Field of 10.5 acres and ten active playgrounds of 45.4 acres competently supervised with an efficient corps of instruc-

tors. The Charles River, with its facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England.

MOTOR ROUTES

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains. U. S. Route 20 passes through Waltham to Boston, 9 miles east.

LABOR SUPPLY

Waltham has an excellent supply of both skilled and unskilled labor. Much of this population is native New England stock with a permanent residence in the city. Fire hazard and insurance rates are low, land values and rents are reasonable.

INDUSTRIAL SITES

Along both lines of railroad there are many acres of land available for manufacturing plants, some so located that only a few hundred feet of spur tracks are needed.

ADVANTAGES OF WALTHAM

Good government, splendid roads, fine schools, congenial social conditions, a high standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above the average, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Waltham has them all.

The Waltham Chamber of Commerce composed of over 500 business and civic leaders of the city, welcomes inquiries and will be glad to make a complete and intelligent survey of the situation for any prospective industry or business.

Waltham will continue to register a very definite increase in population, development of its Retail Shopping District and during the next five years will make a decided gain in the number of new residences. With a very favorable cost of living figure and a proximity to Boston, the Waltham district is proving very attractive to many industrial and business houses in addition to home seekers.

WALTHAM IS THE PLACE

WHERE all the operations of cotton cloth were first performed under one roof.

WHERE chalk crayons were invented and first made.

WHERE kerosene oil was first refined and made available for household usage.

WHERE watches were first successfully manufactured in the United States.

WHERE the first single Board of Government for cities in Massachusetts was adopted.

LIBRARY DEPARTMENT

Waltham Public Library

735 Main st

Board of Trustees—John J Flynn jr, Chairman; Wm H Slayton, Secretary; Miss Evelyn G Sears, Dr Nicholas W Cousens, Rev John E O'Connell, Rev Geo O Ekwall

Librarian—Leslie T Little.

Assistants—Raymah H Smith, Nora C Rooney, Ethel M Nute, Helen M Nims, Mabel I Buell, Eliz D Castner, Geraldine M Murray, Marion Hughes, Helen L Hosmer, Jane Pride, Agnes McManama

The Waltham Public Library is the union of three libraries. (1) The Waltham Social Library, founded in 1798, and the earliest Waltham library, was given to the Unitarian Society, and later, in 1865, was presented to the town. (2) The early Boston Manufacturing Company's Manufacturers' Library was given to the Rumford Institute Library, which, in turn, offered all of its books to the town in 1865. (3) The Agricultural Library of the Waltham Farmers' Club was presented to the town in 1874. The Public Library was first housed (1865) in the Bank Building on Main street. In 1879 it was moved to the corner of Charles and Moody streets (Welch Block). In December, 1915, the Library was moved to the present building, which is the gift of a Waltham citizen, Francis Buttrick. The cost of the building was $124,000.

There are five Branch Libraries, the South Branch, established in 1919, located in the South Junior High School Building, the Lakeview Branch, established in 1925, in the Nahum Hardy School, the Trapelo Branch, established in 1932, in the Phineas Lawrence School and the Grove Hill Branch, established in 1937, in the Bright School, and the Roberts Branch, established in 1941, in the Roberts School.

There are about 129,558 volumes in the Library. About 227 newspapers and periodicals are received. There is also an excellent collection of pictures on every subject, arranged in Classified form, which may be taken from the building. The Library undertakes to help all by supplying information and in looking up difficult reference questions when requested.

The circulation in 1942 was 360,467, an average of 9 books per capita. The City appropiates about $37,240 a year for the support of the Library and its Branches. There are in addition eight endowment funds. The Lowell Clark Fund of $5,000; The Enos T Luce Fund of $1,000; The Jacob Whitney Fund of $1,000; The Porter L Newton Education Fund of $5,000; The Phineas Lawrence Fund of $2,500; The Lorenza Haynes Bequest of $1,000 and The Pryor Fulton Fund of $5000; The Mary J McEvoy Fund of $1,000 and The Mary Pratt Sears Memorial Fund of $16,500; the income alone of which is used.

Wherever a street, way or the Charles river is mentioned in the foregoing as a dividing line, the center of such st, way or river shall be the line of division.

City Directory Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Watch City Taxi Service 673 Main St., Waltham

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has is ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all it costs

City Directory Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

FACTS!!

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted — "User Circulation."

To be exact by actual survey in twenty-four average American cities, by actual count, each city Directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand Directories sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore —

1000 x 3½ x 305=**1,067,500**

Consultations or "User Circulation"

The City Directory offers the most Specific Point of Contact Advertising Known

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

POLK'S WALTHAM

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1943

Copyright, 1943, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them.

The **Streets** are arranged in **Alphabetical order** with the location of **Intersecting Streets** clearly shown.

The Boston Postal District in which Waltham is included has been divided into numbered zones. Mail addressed to Waltham will carry No. 54 as part of the address.

Names of residents and business houses are arranged in numerical order upon their respective streets; on streets that are not numbered ciphers are used in place of a street number.

Business places are denoted by bold face numbers and business being given.

When a person's place of business and residence are the same place, it is indicated by business being given and abbreviation h at the end of the line.

After the name of a street the word **Street** is omitted; the words Newton, Lincoln and Lexington, when referring to city or towns of those names, are followed by the word **Line;** when not followed by the word **Line** they are names of streets.

*An asterisk preceding a house number signifies that the house is incorrectly numbered.

Streets which have not been accepted by the city are indicated by an asterisk.

Streets, a part of which have been accepted and a part remains unaccepted, are indicated by two asterisks.

The symbol ◎ following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

The ♙ preceding names denotes householders and places of business having telephones.

Abbreviations are listed at beginning of Alphabetical Section.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a buusiness and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
